There are, according to the Jewish Census, 54,850 Jewish people residing in the FAIRFAX DISTRICT (see Wikipedia for the map), and its extensions, and you are EXCLUDING all of them, including the Rabbis and Students of the West Coast Theological Seminary Chabad that trains Orthodox Rabbis only a few blocks away from your so-called "community mixer."

The data is on the Internet. This area has been a historic Jewish area for the past almost 100 years, and exclusion on the basis of religion happens to be an unconstitutional Federal Hate Crime.

Your actions are also excluding the Jewish community from having their own local businesses in their area on Melrose Ave. between Fairfax Ave. and La Brea Ave.

And you are receiving governmental taxpayer funding from the City of Los Angeles.

So, go ahead and make your excuses, because I am Lech Lecha (if you don't understand these words, ask your friend, and my cousin, Paul Koretz), but everyone else knows the information, and that you do have the money, and that you simply don't Orthodox/Observant Jewish people.

Which is, in fact, quite interesting, considering the fact that you hold your meetings in a Lutheran Church, and Jesus of Nazareth and all of his disciples were Orthodox/Observant Jewish people, and they would be excluded from your "Community Mixer."

It is really time for you to realize where you are in the City of Los Angeles.

Happy Holiday Season to you, your family, and your colleagues,
